Louise

8 different lectures during the week:

Virtual or in-person Full-virtual Virtual and in-person

We facilitated the participation with a hybrid format:

How did we communicate?

Where did we meet?

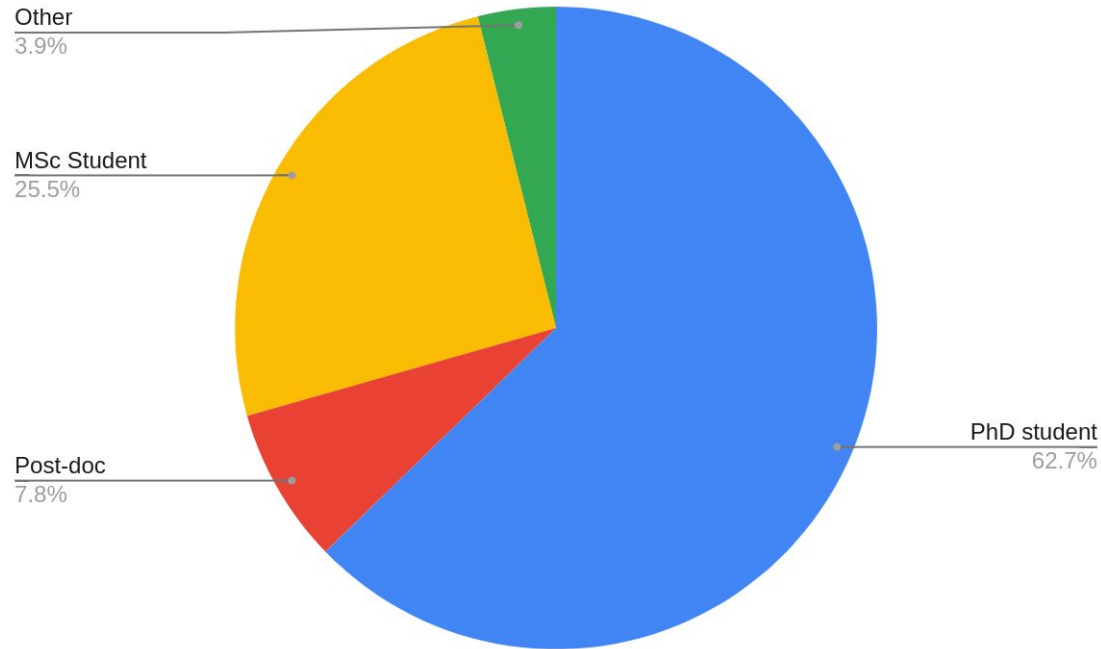

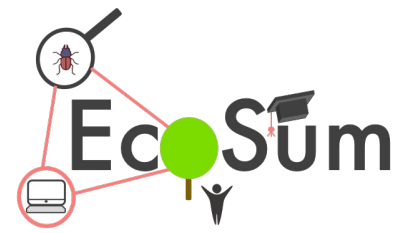

How did we interact?

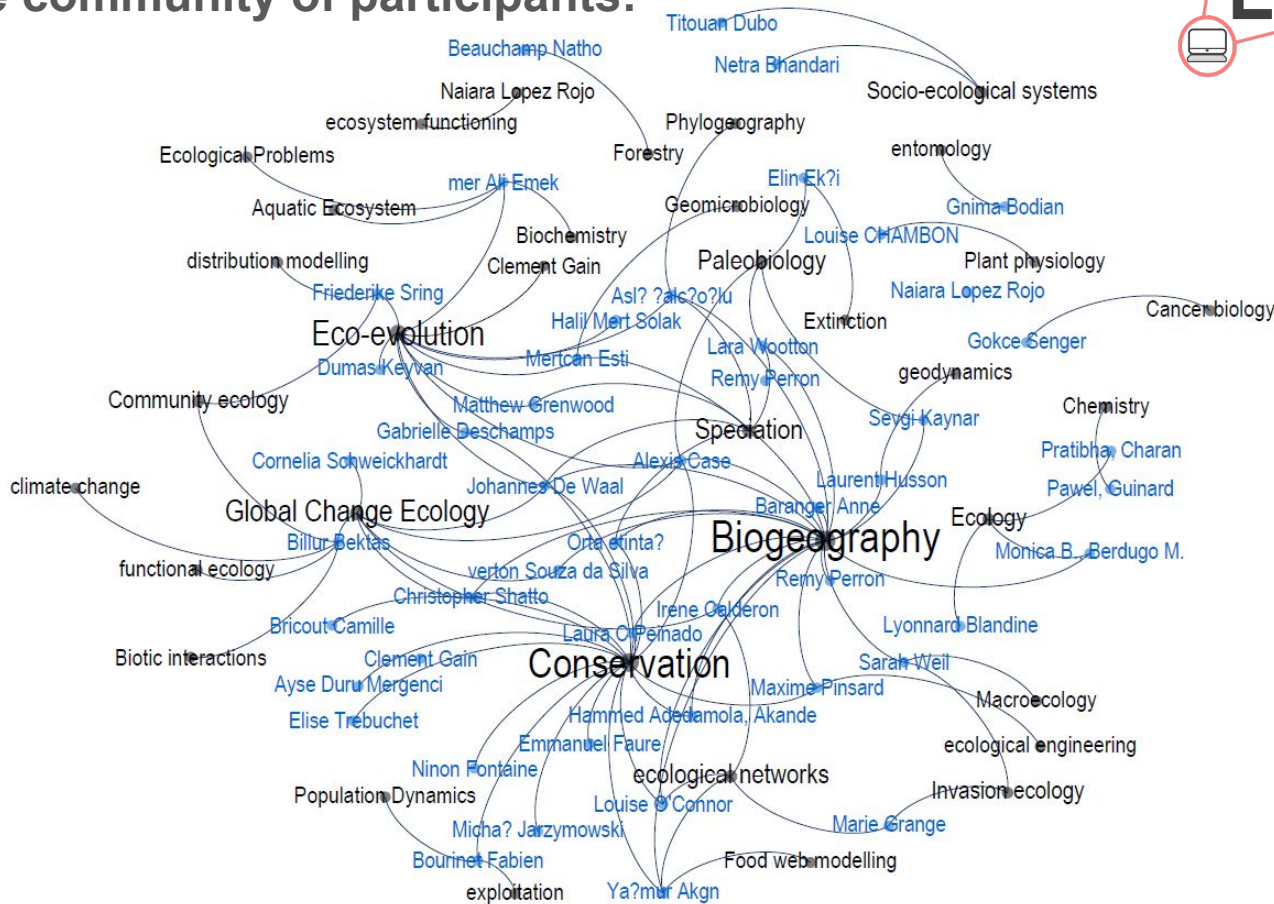

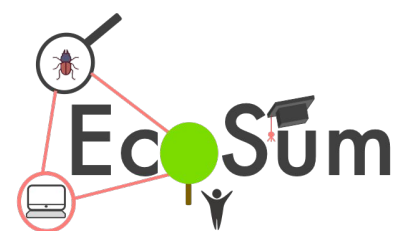

A diverse community of participants:

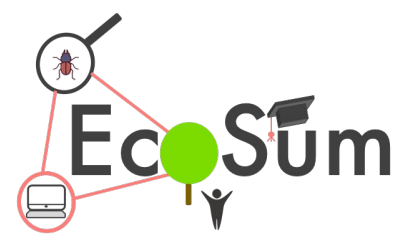

- 52 participants

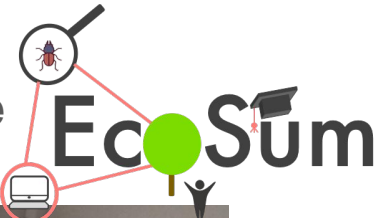

A diverse community of participants:

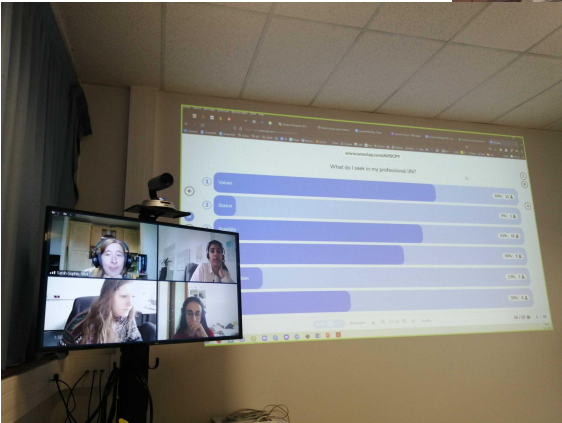

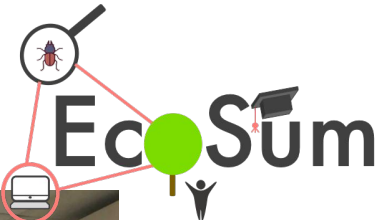

Multiple opportunities to interact

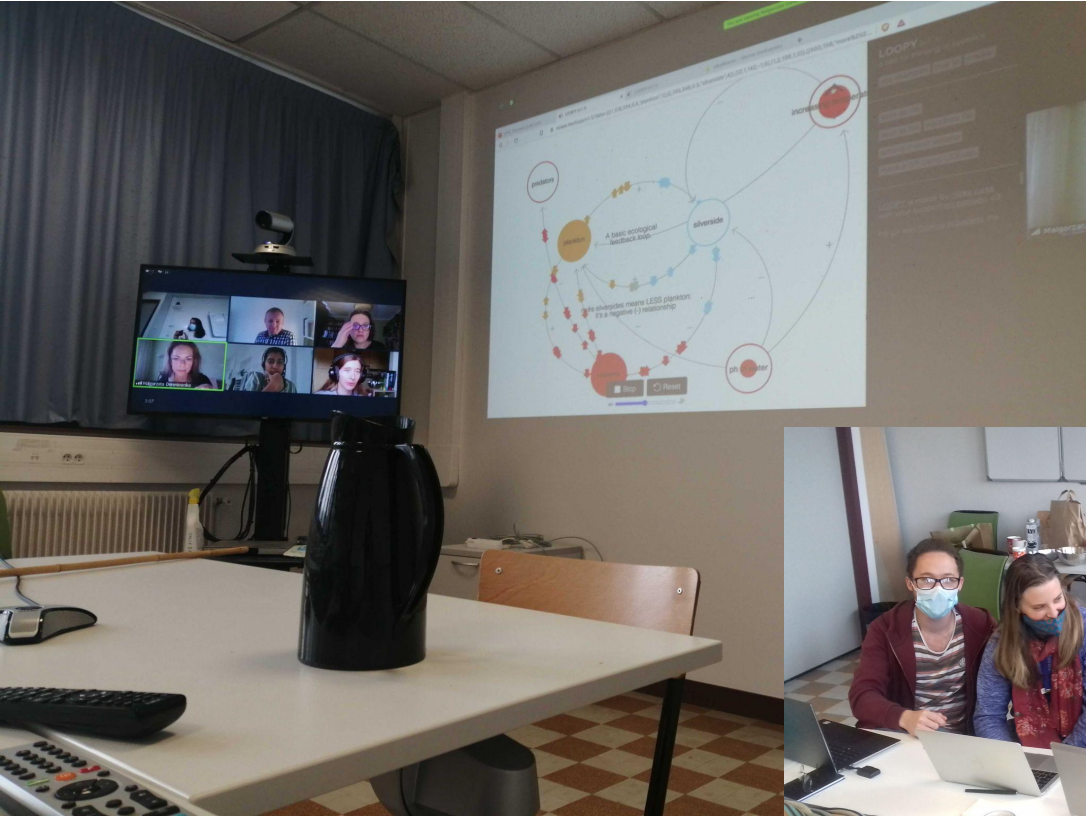

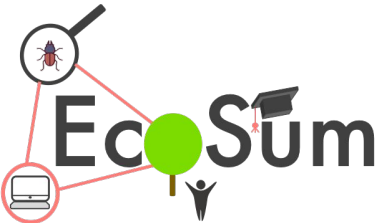

Multiple opportunities to interact: Science-oriented roundtable

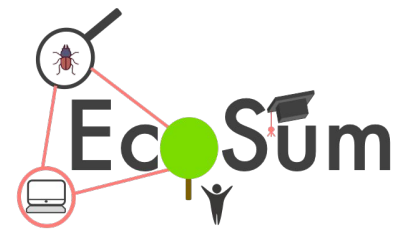

Multiple opportunities to interact: Career-oriented roundtable

Multiple opportunities to interact: Interactive workshops

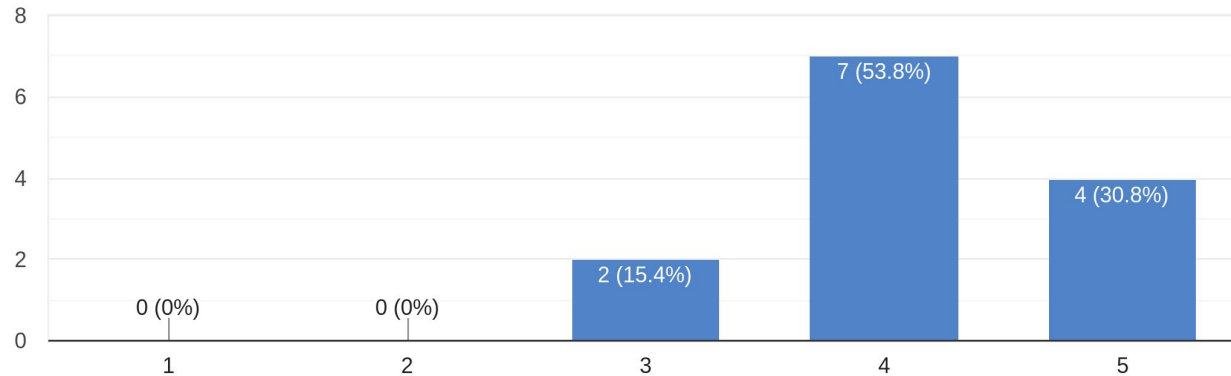

How about feedbacks?

We asked “How did you appreciate...”

... the Autumn School in general?

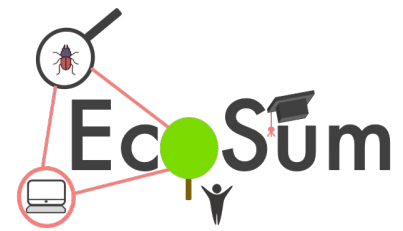

13 responses

←
“Far worse than my expectations”

→
“Far better than my expectations”

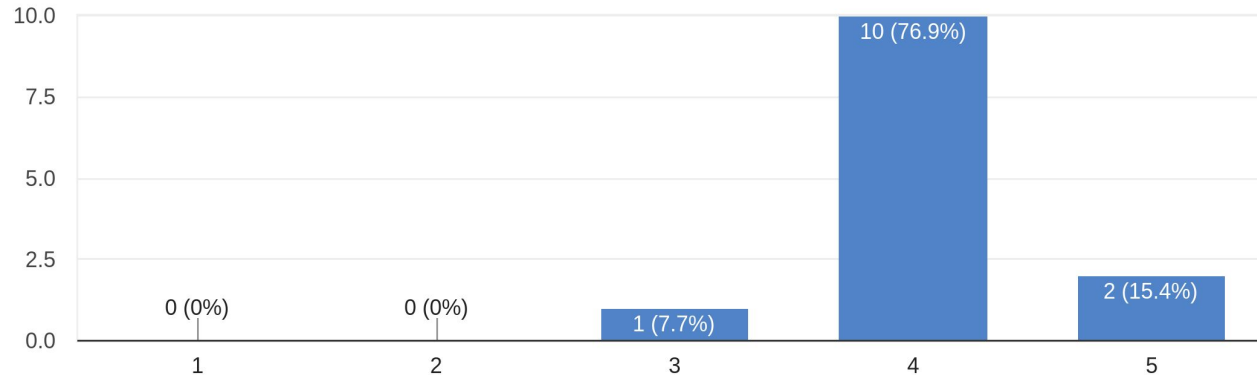

How about feedbacks?

We asked “How did you appreciate...”

... the choice of lectures (related to the School topic)?

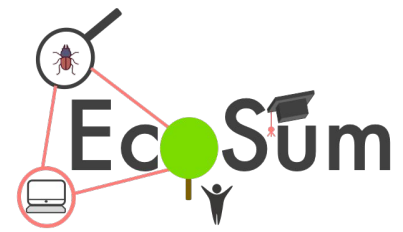

13 responses

←
“Far worse than my expectations”

→
“Far better than my expectations”

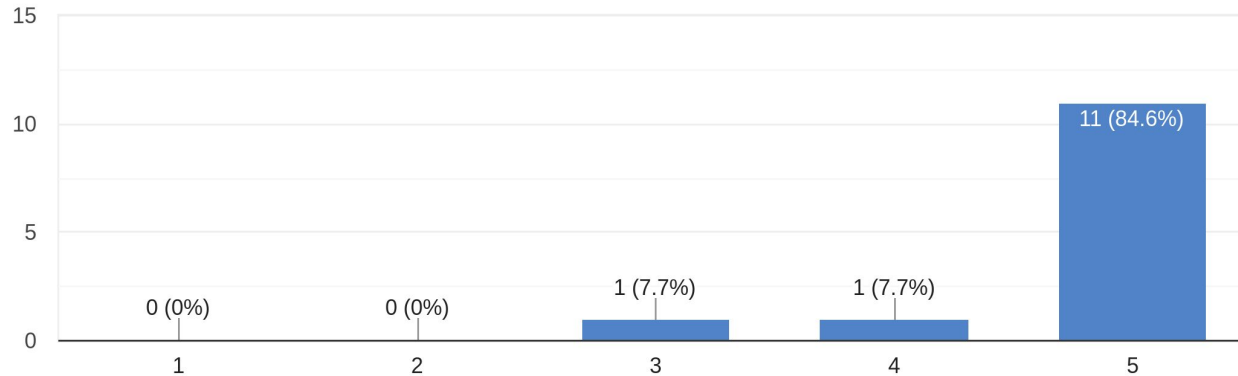

How about feedbacks?

We asked “How did you appreciate...”

... the career-oriented roundtable?

3rd round in 2021: The team is already ready!

Autumn school is a great way to

- fill the **knowledge gaps** in our domains
- enlarge our **point of view** in ecology & evolution
 - create a **peer community**
 - network** with scientists

3rd round in 2021: The team is already ready!

We wish autumn school to be an annual event of FREE Alpes!

Thank you!
